

Amazing Animals!

Can you name these animals? What are their **features**? What is the **same**? What is **different**? Do any of them have interesting **patterns**? Why? Can you describe the patterns? Do you know what any of these animals like to eat?

Do you know these different **habitats**? Could any of the animals above live in any of these places? How do you know?

Do you know how the caterpillar becomes a butterfly? Can you talk about its **lifecycle** and the **changes** that happen?

Do you recognise any of these animals? Do you have any of them at your house? How are these animals different to the animals above?
