or online**

*Please do get in touch for discreet support  
if you are affected by financial difficulties*

The UK has  
the highest  
consumption  
of new clothing  
in Europe

41% of people  
in England are  
not aware of  
textile recycling  
facilities\*

**Shop Smart:  
School uniform  
that doesn't  
cost the earth!**

360,000 tonnes of  
clothes are burned  
or sent to landfills  
each year  
= £140 MILLION!

Free trade of  
used clothing is  
70x better for  
the environment  
than buying new  
clothing

**So don't forget, to reduce your environmental impact,  
repair, reuse, recycle and donate!**

*\*Worn-out textiles and footwear can be recycled at our local council recycling centres*
