If your child is not dressing up, they should come in full school uniform.

Player Development Centre Football Camp - Easter 2024

Dear parents / guardians,
 We are excited to announce the next Player Development Centre Camp and Masterclass Day this Easter!

Our PDC Camps are designed as a small group model for football players who are determined to improve their game. The camps will be of a more focused nature to a typical football camp, targeting different aspects of the game. These camps are for players of between the ages of 7 and 12 who want to take their game to the next level and be involved in a training environment that will positively influence their development. We want to provide the opportunity for players who may not have access to camps or training of this nature, to utilize their time away from school to develop their game. We aim to create a positive learning environment where children who sign up can leave with valuable information and experiences.

PRIVATE TRAINING
 At Active Soccer we also offer private training for players looking to progress their game to the next level, gain confidence, or just enjoy their football training. Our 1-1 and small group opportunity provides the chance for players to have a training session directly with the coach, maximising the amount of time a player has on the ball as well as the detail of feedback they can receive. This method of training gives the players and coach the freedom to work at an appropriate tempo to benefit the player.
