British Science Week Poster Competition

If your child would like to
design a poster, the
theme this year is 'Time'.
Can you create a poster
showing how a certain

type of technology has changed over
time, or even the advancement of
time-telling technology itself?

You could also go futuristic and show us
how you think the world might look in
years to come, or perhaps look at nature
– lifecycles, lifespans, evolution and
hibernation – nature is full of timely
topics.

British Science Week, 8-17th March,
2024 marks the Week's 30th
anniversary, with the inaugural
celebration happening in 1994.

Students could think about scientific
innovations since then, or explore 1994
itself – what was life like 30 years ago?
The posters need to be submitted by
28th March so entries should be sent in to
school by 21st March.

Year 2 enjoying their Science talk with
parent, Mr McCann who is a chemist in
the oil and gas industry.

Congratulations to
our award winners
this week.

Well Done Ben, Toby, Casey,
Joseph, Sophia, Rosie, Sofia,
Sienna, Caitlin, Fen, Heidi, Jacob,
Jack, Oliver and Keziah.

Reverend Haynes
from Ormskirk
Parish Church
invited the Shine
Out Committee to
lead part of worship

on Mothering Sunday.

The children were a credit to themselves
and school. They spoke so articulately
and many of the congregation thanked
them for their contribution. Well done
Elsie, Myah, Alyssa, Nate, Harry & Heidi.

Measles

There have been several outbreaks of measles across Lancashire recently so it is important to make sure your child's vaccinations are up to date. If you are unsure, contact your GP. The main symptom of measles is a red-brown blotchy rash. Your child may have cold-like symptoms for a few days before the rash appears. In some the illness can be serious. Measles is spread through coughs and sneezes. A person is most contagious from when symptoms develop until about 4 days after the rash first appears.
